

## English

### As readers and writers we will learn...

- Narrative stories with a moral – Stories from the Qu'ran.
- Read Shakespeare's Macbeth and learn about the story.
- Use the Witches spell for Descriptive writing about potion making/reactions linked to the topic.
- Instruction writing – Children look at recipes from various differing chefs e.g. Delia Smith and Jamie Oliver. Write a set of instructions based on their various styles.
- Using the book The Promise by Nicola Davis thinking about what are their promises for Year 6.

## Computing

- Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems.

## Music

### As musicians we will...

- Form part songs: a secular song with three or more voice parts.

## Design and Technology

### As designers we will...

- Design and make savoury scones or muffins.

## RE

The Olympics linking to the theme of fame.

## Maths

### As mathematicians we will learn to...

- Read, write, round, order and compare numbers to at least 1 000 000 and determine the value of each digit.
- Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why.
- Use all four operations to solve problems involving measure using decimal notation.
- Solve problems involving converting between units of time
- Solve comparison, sum and difference problems using information presented in a line graph
- Establish whether a number up to 100 is prime and recall prime numbers up to 19.
- Divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context.
- Multiply proper fractions and mixed numbers by whole numbers, supported by materials and diagrams
- solve problems which require knowing percentage and decimal equivalents of those with a denominator of a multiple of 10 or 25.
- Identify, describe and represent the position of a shape following a translation.

## Year 5 Summer 2 Curriculum

Project title(s):  
Marvellous Mixtures  
Fancy a snack

## Continuing the learning at home

- Design a healthy menu for a week for your family.
- Read some of Shakespeare's plays in a children's version! (there are plenty out there).
- Can you bake some food at home following a recipe.?

## Science

### As scientists we will...

- Compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets
- Use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating
- Explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible, including changes associated with burning and the action of acid on bicarbonate of soda.

## PSHE/ Circle time

The world around us.

## PE/ Games

- Athletics
- Dance associated with the story of Theseus and the Minotaur

## French

See Summer 1
