

Un peu de français – a little bit of French!

Below are some resources that you may like to use at home with your child. They are mainly subjects that have been taught in school so the work would just be revision – repetition is very important when learning a new language.

I have also included some revision subjects from previous years. There are many more resources available online to support your learning too.

I would recommend a few shorter sessions of French rather than a longer session. Maybe 10-15 mins three times a week. Each week stick to the same topic area so that you can repeat, repeat, repeat!

Bonne Chance! (Good luck)

Y6
