

# The Rabbit Race Game

This is a grid for a rabbit race.

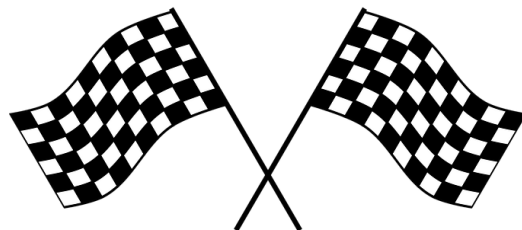

In groups of up to 10-12 each player selects a rabbit, putting a counter on your chosen rabbit number. Take it in turns to roll two dice and add up the two numbers you roll. Move the rabbit on that number square up the grid one place. Continue to play the game until one rabbit reaches the finish line.

TIP:- If there are less players, players can choose more than one rabbit each.
