

1. Brighton
2. Liverpool
3. Glastonbury
4. London
5. Hastings
6. Isle of Wight

Can you correctly label these 6 locations on this map of the U.K.?

Once you have labelled your map can you find out the extra information below a couple of the locations:

1. What **county** is the town or city in?
2. Some **physical and human features** about the town or city – e.g. does it have a river, lake or sea close to it? Any famous landmarks in it? Hills or buildings.
3. Any interesting/unusual facts about the town or city?
